JM – we should prob cancel next weeks internal training – SG yes.	
Supt Paradis	• Cold and wind keeping protesters at bay – none out there today. Resources looking good.

They wanted to change another section on the agreement and this has been forwarded to legal for review.

	widely shared on Social media. If we are going to release stills on this we should do sooner rather than later. MH – have identified this as a priority f/u and members are working on this. SG – should get reporters in and statements done asap. • Resourcing – Vanessa and El have been stretched.
